ST. JOSEPH COUNTY, COON HOLLOW PROPERTIES, LLC, PERMIT APPLICATION 08-75-0014-P. The Land and Water Management Division has reviewed the modified project proposal and proposes to issue a permit to the applicant. The modified project proposal would permit the dredging of an area of previously disturbed bottomland of Clear Lake measuring 50 feet by 50 feet and the placement of clean peastone, sand, gravel or a mixture of those, within the dredged area for creation of a swimming area. This area is bisected by the property lines of two riparian owners and would be shared by those lot owners. Seasonal docks (No LWMD permit required, if certain conditions are met) are to be placed on the outside edges of the swim area for the private, residential use of these two lot owners only. No further LWMD-regulated development on the remaining five riparian lots on the property is proposed with this project. A copy of the draft permit can be obtained by written request to: Larry Poynter, DEQ-LWMD, 7953 Adobe Road, Kalamazoo, Michigan 49009-5025, or Email at poynterl@michigan.gov.

DEADLINE FOR PUBLIC COMMENT ON A PROPOSED REMEDIAL ACTION PLAN FOR THE PINE GROVE SUBDIVISION FACILITY, GRAND TRAVERSE COUNTY. Written comments are being accepted on a proposed remedial action plan for the Pine Grove Subdivision Facility, a site of environmental contamination located in Traverse City and East Bay Township. The origin of the contamination is 880 Parsons Road, which is now the location of the Traverse Bay Area Career Technical Center (TBACTC). The proposed plan calls for in-place treatment of groundwater contaminated with chlorinated solvents on the TBACTC property by way of enhanced microbial degradation. The goal of this in-place treatment is to prevent groundwater contaminated above generic residential cleanup criteria (promulgated under Part 201, Environmental Remediation, of Michigan's Natural Resources and Environmental Protection Act, 1994 PA 451, as amended) from leaving the TBACTC property and entering the Pine Grove Subdivision. During the time when the in-place remedy is being implemented, groundwater quality in the Pine Grove Subdivision area will be monitored to document the occurrence of natural attenuation of contaminants to a safe level below generic residential cleanup criteria. Land use restrictions are proposed on the TBACTC property to prevent activities that could result in unacceptable exposure to contamination and a resurgence of groundwater contamination. Contingency plans are included that will be implemented, if necessary, to assure the protectiveness of the response action. A copy of the plan proposal, including site investigation data, will be available for viewing starting on February 23, 2009, at the Michigan Department of Environmental Quality (MDEQ), Cadillac District Office, 120 West Chapin Street, Cadillac, Michigan. Theresa Laughlin, MDEQ, Remediation and Redevelopment Division, can be contacted at 231-876-4450 to arrange a viewing time. A copy of the plan is also available at the TBACTC at 880 Parsons Road, Traverse City, Michigan, during normal business hours. The TBACTC office in Traverse City can be contacted at 231-922-6273 to arrange a viewing time. Written comments should be received by March 27, 2009, and sent to: **John Vanderhoof**, Michigan Department of Environmental Quality, Remediation and Redevelopment Division, 120 West Chapin Street, Cadillac, MI 49601. *Please also see March 16, 2009 listing in this Calendar for an opportunity to attend a public meeting on this site.* Information contact: **John Vanderhoof**, Remediation & Redevelopment Division, 231-876-4459 or Email at vanderhoofj@michigan.gov.

2009 SARA TITLE III TIER TWO, TOXIC CHEMICAL RELEASE INVENTORY, AND ANNUAL WASTEWATER REPORTING WORKSHOPS, VARIOUS LOCATIONS, MICHIGAN. This workshop will focus on the reporting requirements for Title III of the Superfund Amendments and Reauthorization Act (SARA Title III), also known as the Emergency Planning and Community Right-to-Know Act of 1986; and the Wastewater Reporting rules under Part 31 of the Natural Resources and Environmental Protection Act of 1994. SARA Title III covers facilities that handle hazardous or toxic chemicals and includes hazardous chemical inventory reports, emergency hazardous chemical releases, emergency planning, and toxic chemical release reporting. The Wastewater Reporting rules require facilities that discharge wastewater to the waters of the state or to a sewer system to submit an Annual Wastewater Report. The workshop will also highlight the toxic chemical release inventory (TRI) report that is due July 1. Attendees will receive basic information on all of the reporting requirements and the associated online reporting programs. All attendees will also receive the 7th edition of the Michigan Facilities' Guide to SARA Title III, Emergency Planning, and Release Reporting. TOXIC CHEMICAL RELEASE INVENTORY (TRI) REPORTING WORKSHOP – BEGINNERS AND ADVANCED COURSES, KENSINGTON COURT, ANN ARBOR, MICHIGAN. TRI reporting is required under Section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA), also known as SARA Title III. Facilities in certain industry sectors that meet the criteria must submit reports for listed toxic chemicals and report releases and waste transfers of the chemicals as well as waste management activities. The U.S. Environmental Protection Agency Region 5 and Michigan SARA Title III Program are partnering to offer this workshop in two sessions. Those who have little or no knowledge of reporting requirements of EPCRA Section 313 should attend the beginner's session in the morning, as well as the afternoon session. The morning beginner's session will cover the regulation in detail, including reporting changes for 2007, as well as Section 6607 of the Pollution Prevention Act (PPA) of 1990. The advanced session will take place in the afternoon and is intended for those who are familiar with the reporting requirements of EPCRA Section 313. Registration for the full day beginner's course is \$75 and includes lunch. Registration for the half-day advanced course is \$50 and does not include lunch. A full brochure and online registration are available on the Web at www.michigan.gov/deqworkshops, click on "Upcoming DEQ Workshops." Registration Information: **Environmental Assistance Center**, 800-662-9278, or Email at deq-ead-env-assist@michigan.gov.
